Provide feedback on your experience with your teammates on the group project. Follow the directions below and upload a PDF. Be honest, as your information will not be released to anyone.

List your team members' names in alphabetical order by last name, including yourself. After each person's name, write a single number 1 – 5 in parentheses indicating the teammate's level of contribution to the project. Finally, write a statement or two about how the person contributed to the project.

Altenburg, Eric(5): Spearheaded the code implementation and aided with the algorithm and presentation. Honestly, all of us were extremely committed and had high contribution rates. The proof lies in our several 5 hour plus zoom calls filled with ideas, implementing, debugging, rehearsing, and more.
